Technician's Appraisal

Auto Analyst Appraised Value: \$ 58000.00
--

Report Summary: Very nice GTO. 450ci with six pack upgrade. All chrome engine compartment street rod. Minor flaws only.
--

Appraisal Methodology

The Appraisal figure is arrived at as follows: We start by examining the vehicle thoroughly. We take careful note of its condition and originality. After inspecting the vehicle we consult a number of sources including: Black Book, NADA, Kelly Blue Book, auction sites such as E-Bay, Hemmings Motor News and other auto classifieds, and Manheim Market Research (MMR). Manheim Market Research in particular is very useful as it provides actual auction figures on actual automobile sales that are right up to date. We also rely on our over 30 years experience as buyers of used cars and trucks at the dealership and dealer auction level. The Appraised Value of a vehicle is a retail figure, and reflects our best judgement of what the vehicle would bring on the open market.

Waiver & Limitation of Liability

Auto Analyst, and the individual inspector, have performed a visual inspection of the subject automobile, and have analyzed various functional aspects of the noted component systems. No warranties, express or implied, are given as to the value of the automobile inspected, and no conclusions are offered as to the function of component parts other than the physical conditions revealed by the inspection and analysis. The written inspection report shall constitute the entire representation made by Auto Analyst, and the company shall have no liability upon any oral representations. The customer agrees that in no event shall the liability of Auto Analyst, or the inspector exceed the cost of this report whether claim is based on service contract, or for personal injuries.

Amount due: \$ 199.00

Payment is due upon receipt. Thank you for your patronage.
